

The Committee to Honor America's Veterans is a group of residents of Brunswick County dedicated to constructing a Veterans' Memorial in our region.

Our vision is to build a memorial for Brunswick County — one brick at a time — in the Sunset Beach Town Park on land donated by the Town of Sunset Beach. The memorial will be in an idyllic setting in the Park overlooking the Intracoastal Waterway. It will commemorate and properly recognize our veterans — past, present, and future — for their contributions to the protection of our nation and its citizens, as well as the preservation of freedom throughout the world.

And you can be part of the vision!

**Honoring America's Veterans
Building a Veterans' Memorial**

ONE BRICK AT A TIME

*W*e see the memorial as a serene and dignified place where veterans and civic organizations may hold ceremonies and where individuals may come and reflect.

The memorial will be a 908 square foot, circular design with a flag pole for the US flag, pedestals for Service emblems, and, in the center, a circular granite topped column with a map of the world representing the presence of US military across the globe. In front of that column facing the flag, will be bronze statues of two children, a boy saluting and a girl pledging the flag, with the phrase “thanks for our freedom” on the face of pedestal upon which they stand.

The exterior wall of the Memorial will be 18” high and level with places for visitors to sit while they rest and contemplate the significance of the sacrifices and contributions our veterans have made. The flooring and wall will have clay bricks of varying sizes in shades of gray.
